*The CCB is authorized to offer four programmes of the*  
**International Baccalaureate Organization**

**Primary Years Programme (PYP):** (Nursery - 5th grade). The PYP prepares students to become active, caring, lifelong learners who demonstrate respect for themselves and others and have the capacity to participate in the world around them. It focuses on the development of the whole child as an inquirer, both within and beyond the classroom.

**Middle Years Programme (MYP):** (6th-10th grade). The MYP is a challenging framework that encourages students to make practical connections between their studies and the real world.

**Diploma Programme (DP):** (11th-12th grade). Research suggests that there are many benefits to choosing the DP. The programme aims to develop students who have excellent breadth and depth of knowledge – students who flourish physically, intellectually, emotionally and ethically.

**Career-Related Programme (CP):** (11th-12th grade). It helps our older studentes acquire transferable and lifelong skills in applied knowledge, critical thinking, communication and cross-cultural engagement and other career related aspects.
